

UMich Tournament Wiki Run

Breakdown of disclosed affs:

Disclosure:

Aff "flavors":

Note: Advantages were grouped as often as possible (i.e. a “Primacy” advantage was considered the same as a Heg Advantage), clever advantage names were ignored and the terminal impacts used instead.

All of this is just estimates based off a very quick parsing of the wiki, it's accurate only to the extent of disclosure and quick parsing of what teams labeled their advantages.
